Bills of health issued to the following-named vessels:

Date.	Vessel.	Destination.	Number of crew.	Number of passengers from this port.	Number of passengers in transit.
Sept. 13	Limon	Boston	44	2	0
14	Prinz Joachim	New York	124	113	26
14	Taunton	New Orleans via Bocas	23	4	0
15	Barranca	New York	57	2	0
17	Taunton	New Orleans	23	2	1
17	Corinto	New Orleans via Porto Barrios.	24	3	16
18	Matina	New York	47	3	0
19	Origen	New Orleans	24	0	0

Two bills of health for Panamanian ports were viséed; certificates were issued to 17 passengers bound for Colon.

CUBA.

Report from Cienfuegos—Inspection and fumigation of vessels—Sanitary conditions.

Acting Assistant Surgeon Villoldo reports, September 14:

Week ended September 12.

Bills of health issued	3
Vessels inspected and fumigated prior to sailing	3
Members of crews inspected	91

No quarantinable diseases were reported during the week.

Report from Habana—Inspection and fumigation of vessels—Death of yellow fever case previously reported—Measures adopted to prevent spread—Local quarantine at Antilla raised September 20.

Passed Assistant Surgeon Amesse reports, September 22:

Week ended September 19.

Vessels inspected	14
Bills of health issued	22
Members of crews of outgoing vessels inspected	880
Passengers of outgoing vessels inspected	399
Certificates issued to passengers bound for Southern ports	70
Persons entering Triscornia for 6 days' observation	29
Certificates of immunity to yellow fever issued	25
Vessels fumigated prior to sailing	5

The case of yellow fever in Habana terminated fatally at Las Animas Hospital on September 16, the autopsy confirming the diagnosis. (See Public Health Reports, September 18, page 1343, and September 25, page 1389.)

Drastic measures were adopted immediately on the announcement of this case, the entire district bordering on the water front being placed under extraordinary surveillance of the sanitary department.
